BIOGRAPHY

- Licensed Professional Engineer in Maine
- Licensed Surveyor in Maine
- More than 40 years of Transportation Engineering experience
- BS, Business Management, University of Maine at Augusta, 2002
- AS, Civil Engineering, University of Maine, 1973

As a Maine native and 34-year veteran of the MaineDOT, Jim Mansir's knowledge of the state and its transportation system is extensive. In his career to date, he has managed countless bridge, highway, and traffic projects. In addition to his engineering credentials, he holds a degree in Business Management. Jim is exceptionally dedicated to the success of Erdman Anthony's clients in Maine and is also actively looking for new clients to serve.
